UPDATED: APRIL 29, 2020 - Change to the no guests allowed at the shooting range requirement.

At our Board meeting on April 28 it was decided that members will be allowed to bring one guest to the range. Our policy states that a guest must share a shooting position with the member that invited them. This creates the social distancing problem. The Board felt that due to the low numbers using the range that the shared shooting position rule can be relaxed to accommodate safe distancing. As always when you bring a guest you are responsible for their actions. In the event that a member arrives to shoot and the spacing does not have room to social distance you or your guest must give up your shooting position.
